Pharmacy Courses: Eligibility, Fees, Duration and Admission 2026

Diploma in Pharmacy (D. Pharm):

An Overview D. Pharm (**Diploma in Pharmacy**) is a 2-year program designed to prepare students for a professional career in pharmacy. The program teaches students about essential knowledge in pharmaceutical sciences and drug preparation and dispensing and fundamental healthcare procedures. Upon finishing this program, students become eligible to work in hospitals and retail pharmacies and pharmaceutical companies or pursue a D. Pharm degree. The **D. Pharma Admission 2026** will begin for students who completed 10+2 education with a science focus because this program serves as an entrance pathway into healthcare professions.

Programme: Diploma in Pharmacy (D. Pharm) (Diploma in Pharmacy, 2-year course)

Duration: 2 Years

Fees (INR): 1,200,000 / years

The two-year Diploma in Pharmacy (D. Pharm) course is approved by Pharmacy Council of India and affiliate to the Central Manipur University.

Eligibility Criteria for D. Pharm Admission 2026–27

Before applying, make sure you meet the following **key eligibility requirements**:

Educational Qualification

Candidates must have completed **10+2 (Intermediate)** from a recognized board.

Mandatory subjects include **Physics, Chemistry, and Biology or Mathematics**.

Minimum Marks

General Category: Minimum 50% aggregate in 10+2.

Reserved Categories (SC/ST/OBC): Some relaxation is usually provided (approx. 45%).

Age Limit

Most institutions do not specify a strict age limit, but students typically start this course between 17–25 years.
